

DEPUTY FACTORY INSPECTOR INVESTIGATES CONDITIONS

Gives Instructions Regarding New Minor Labor Law.

FIRE ESCAPES NEEDED

Many Local Buildings Not Properly Protected—Theatres are Inspected.

Deputy Factory Inspector James R. Patterson, of the State has been spending the past day or so in Charleroi, investigating conditions here in the factories, theatres and stores, and made recommendations as to how better to live up to the laws. The child labor laws, which were changed at the last Legislature, is claiming the attention of Mr. Patterson. By the change it is necessary for minors between 14 and 16 years of age, to secure new certificates of labor from the superintendent or principal of schools not later than January 1 when all certificates issued by justices of the peace or aldermen will be null and void.

On January 1 if the minors do not have the proper certificates the factories will discharge them until such time that they do have them. These certificates should be secured before the first of the year.

In Charleroi, according to Mr. Patterson, there are approximately 275 children between the ages of 14 and 16 employed. Before the new certificates can be granted the children must take examinations, all to be conducted in the English language.

In the matter of theatres, Mr. Patterson found things here in fair condition. In one particular, however, he found a defect. This is in regard to the exits. By the State law, all theatres are compelled to have three exits, one center and two on the outside, each being at least four feet in width. There is an injunction on this particular matter, however, and until it is decided the theatres will not take any action. Such would cause two of the Charleroi theatres, the Palace and the Star, to close down. By many the act is considered radical. Mr. Patterson instructed the theatre managers to provide red lights at the exits and to put their light booths in the proper condition. The booths have by law to be constructed of steel, and have asbestos coverings.

Another matter which Mr. Patterson is taking up while here is that of fire escapes for three-story buildings. There are a number of buildings in Charleroi that are not so provided, and the owners of these were given notice to put them in condition. By law it is required that they be painted once a year. The owners of buildings, if they do not observe the provisions, are subject to a fine of \$500 and imprisonment of six months.

The bake shops of Charleroi were investigated yesterday and they were found to be in fairly good condition. Except one, they were really as good as could be expected. The owners of this one were instructed to clean up somewhat about the premises.

Today Mr. Patterson is taking a trip through the stores and business houses. Generally he is finding them in fair condition. One important section of the law which is disregarded by many is the providing of seats for lady clerks. This matter is well observed by Charleroi merchants, however.

Boys' Brigade Will Perform in a Play

"Drummer Boy of Shiloh" Will be Given by Members of Company

A. T. Nail, a professional theatrical trainer, met last night with the members of the Charleroi Boys' Brigade, who are to take part in the play, "The Drummer Boy of Shiloh" for the Brigade, and took up the work of drilling them for the play. The play will be given at the Coyle Theatre December 2 and 3.

COAL BEING TAKEN FROM CARS AS THEY STAND ON RAILROAD

Pennsylvania Railroad officers have been experiencing considerable trouble in the past few weeks from the stealing of coal from cars along this division. Special instructions have been given the detectives to watch out for all those who are in the habit of pursuing this practice, and to make arrests wherever possible.

BURNS STOCK CO.

TWICE A WEEK

The two bills presented at the Coyle Theatre this week by the Paul Burns Stock company of Monessen, while not largely attended, showed the merits of the company and will do much to advertise the future engagements here of this most excellent company. Organized for permanent engagements, and not for the road, the Paul Burns Stock company is enabled to maintain a troupe of talented people especially selected for their adaptability that it would be impossible to carry on the road. It was the intention to remain in Monessen permanently, but as the field is rather small for continuous drama, it is proposed to divide up with Charleroi. After next week the company will exhibit here two nights a week.

The play at the Coyle last night, "A Game of Millions," was a good, clean comedy drama, in which the lights and shadows of human interest were clearly and strikingly portrayed. The company is strong in every role, and the clean character of its repertoire should command a generous patronage.

Tonight occurs the lecture of Senator Winfield R. Gaylord of Wisconsin at School Hall on the subject of "Socialists in Action." A good musical program will also be rendered. The lecture is free and all are cordially invited.

Free Flower Show at Haube's Flower Store today and Saturday.

Mr. and Mrs. Joseph Elliott went to Finleville today to visit relatives. They expect to leave for the far West in a few weeks, where they will locate.

WEST PENN PLANS A BIG PROJECT

Expects to Build Line to Pittsburgh—One Hour and 45 Minutes for Trip.

The West Penn railways company, which is establishing its main offices in Uniontown is considering the advisability of putting a through line to Pittsburgh, and from indications the project will not be a mere paper scheme. The West Penn is branching out over Fayette and other counties, and has several propositions before them at the present time in the way of track building.

The plan for the route to Pittsburgh is through Westmoreland, in which county the West Penn now has holdings. The trip would be made in an hour and 45 minutes, the time now consumed in going from Charleroi to the city by means of the Pittsburgh Street railways. Until the change of the schedule along this line, it took two hours and 15 minutes to complete the run to Pittsburgh.

BACK INTO THE BUSINESS AGAIN

Conciliator C. Schmieler who some time ago sold his meat market business at 333 Fallowfield avenue to H. Braun, has bought out the latter, and is once more doing business at the old stand where he enjoyed a large and profitable trade.

In re-entering business Mr. Schmieler has branched out to an extent that adds considerably to the industrial enterprises of the town. He had added a wholesale department to his retail trade, and will not only slaughter all the meat he uses, but will engage extensively in the manufacture of all kinds of meat products for both branches of the business. He has rebuilt and enlarged his abattoirs up Maple creek and equipped a plant with the latest improved machinery for the manufacture of sausage, bologna, weiners, liver pudding, scrapple, and everything in that line. This will employ considerable labor in addition to giving his patrons the benefit in prices of the saving effected.

A special feature of Mr. Schmieler's market will be special prices for everything in his line every Saturday.

ASSISTANT GIVEN FOR LOCAL ITALIAN CHURCH

Rt. Rev. Bishop Canevin of the Pittsburgh Catholic diocese has appointed Rev. Peter Rossi assistant to Rev. V. Maselli, to look after the spiritual needs of the Italians of Charleroi, Monessen, Belle Vernon, Fayette City and other surrounding towns. Father Rossi will make his headquarters in Monongahela. The appointment of an assistant is greatly appreciated by Father Maselli, who found the work in his parish of too extensive a nature to be cared for by one pastor.

VALUABLE HORSE FOUND IN COUNTRY

Was Hitched to Fence of Man Who Had Owned it Some Time Before.

The owner of a valuable horse and two wheeled rig, found hitched to the fence of Frank Sutherland of Fallowfield township, is being looked for by officers of Charleroi. The horse and rig were found at the fence yesterday morning at about 3 o'clock by Mr. Sutherland who, however, did not make the fact known until late yesterday to Chief of Police Albright of Charleroi. The horse had a blanket on its back, and was well groomed.

Mr. Sutherland identified the animal as one he had owned some years ago and sold to a Brownsville man. It is understood that the Brownsville man had sold it later to a Belle Vernon dealer, but whether it is still owned by this person or not is a question.

Apparently the horse had been driven to the place, and hitched there while the owner made a visit.

BOXING MATCH FOR SIX ROUNDS

Contrary to announcement made through mistake yesterday in Charleroi, Solly Stroup, Charleroi's pugilist, will not participate in a fight in about two weeks—he will participate in a boxing match. According to both the laws of Pennsylvania and the ordinances of Charleroi, a fight is not permitted, but a boxing match is allowed, under certain regulations. This boxing match will be held by Stroup at the Coyle Theatre and for not more than six rounds, according to Burgess, and any suggestion of a fight will bring matters to a termination.

CHANGED LOCATION BUT NOT BUSINESS

It is stated that part of the aggregation that were not captured in the raid on Saturday at a Fifth street joint charged with selling liquor illegally and conducting a bawdy house, are said to have moved to near Second street, where they are running in full, as though nothing had happened. It is stated they were routed from the building they occupied on Fifth street by the real estate agent who rented to them, and that they went straightway and procured other quarters. The borough authorities are of the opinion that greater care should be exercised in renting to undesirable in the borough.

MONESSEN PEOPLE TO ESTABLISH PARK

The committee for Monessen's new park, composed of George H. Stevens, George Nash and H. Dallas McCable, held two meetings during the past week to outline their plans previous to making a report to council. They have decided that a portion of the proposed Tenth street park adjoining Schoonmaker avenue should be leveled off and the place used for swings, seesaws and other games for the children. Swimming pools, walks and other improvements are projected and a bandstand will be erected.

Season Closes Soon.

The season for lake navigation will close Monday, November 29. An average of 40,000 tons of coal is being shipped daily by the railroads to the lake ports, in order to get as much as possible to northern points before winter sets in.

What He Got.

Harry Landefeld, the bustling Monongahela clothier, took a two days hunting trip in the Marianna district this week. On this return he was asked what he got. "Got back and got good and tired," was the reply.

Social Tonight.

The King's Cadets of Christ Lutheran church will tonight hold a social at the church. The affair will be known as a "North Pole" social and a good time is anticipated for those who attend.

MAY FORM FEDERATION OF SUNDAY SCHOOLS CLASSES

Expect Work to Begin in Spring

Thought Releases of Damages Can be Secured by this Time.

In all probability, work on the improvement of the public road between this city and Donora will be delayed until spring, although the contractor may get some of his material on the ground, if the commissioners give the word to go ahead with the work. Some property holders near Donora refused to sign releases of damages but it is thought they can be secured.

BROWNSVILLE HOPES TO HAVE EMERGENCY HOSPITAL ERECTED

A project for the establishment of an emergency Hospital at Brownsville, has been started, and is receiving favorable attention. There have several large companies become interested in the matter and probabilities are that such an institution will be erected in the near future.

The percentage of persons injured in the immediate vicinity of Brownsville makes it really a necessity for a hospital to be established there, as the institutions at Uniontown, Charleroi, and Monongahela are too far away. Many persons hurt in the great mines, or on the railroad tracks there die before they can reach the hospital, and the mortality is greater than it is thought it would be, if a hospital were established.

CHRYSANTHEMUMS ARE ON DISPLAY AT GREENHOUSE

Although the demand has been so great that he could not accumulate any considerable display at any one time Joseph Hanbe, the florist, is showing this week a very creditable display of "mums" at his flower and seed store at 423 Fallowfield avenue. While this display is not extensive, it shows some remarkably fine specimens of all the leading varieties of this handsome flowers that is having the call just now. These varieties include:

Pinks—Balfour, Enguehart, Maud Dean, Mme. Perrin, Cobalt.
Yellow—Col. Appleton, Pennsylvania, Golden Hedding, Cheltoni, Easton.

White—Clay Frick.
Some of these are new, and some are the old, well known varieties. Some are smooth and round, and some are as shaggy as a football player's hair. All are remarkably beautiful specimens, and well worth a visit.

Mercantile Tax Collections.

Auditor General Robert K. Young has made public a statement showing the amount of mercantile license tax collected for the year 1908 was 1,327, 474.64 out of \$1,483,757.64 considered collectible. The cost of making the collection was \$156,238, or 10.5 per cent, the smallest ever known.

Joseph G. Godissart of Charleroi, has sold to Adolph Tilmans of North Charleroi, a lot in North Charleroi on Highland avenue, 30x110 feet; consideration \$250.00.

Men of District May Organize into Working Body.

COMMITTEE IS APPOINTED

Plan to Have Meeting in Near Future for all Adult Men's Classes.

At a called meeting of the district officers of the Charleroi Sunday School Association at the First Presbyterian church last night, plans were discussed and a movement started toward the organization of a federation of men's adult Bible classes of the association. The object of this federation is the general advancement of civic righteousness, and it is to be non-political and undenominational. After the matter was discussed and heartily favored by those present, a committee was appointed to arrange a time and place of meeting to effect an organization. It is the intention to make the event the occasion for a big Sunday school rally, at which some eminent speakers will make addresses along civic lines. The following committee was appointed:

James T. Heffran, Speers, D. F. Worthington, Charleroi; W. O. Ammon, Vesta. Judge J. A. Molvaine was unanimously favored as the leading speaker for the occasion if his services could be secured.

Nearly all of the pastors of the churches within the jurisdiction of the district were present, as well as most of the heads of department in district Sunday school work. The meeting was a very successful one, and the following were elected:

Lewis, the new pastor of the Epworth M. E. charge, who was welcomed into the district work by his co-workers. Mr. Lewis is an energetic and earnest worker, and promises to be a decided acquisition to Sunday school work in the district.

Several important topics were discussed relative to Sunday school work. One of these was the matter of training teachers, and a recommendation that every school should have a training class for teachers met with hearty approval. It is expected that the committee appointed to arrange for the federation of the men's Bible classes will soon report and that the event will take place at an early date.

DETECTIVE MCLEARY WORKING UP CAUSE

County Detective William McCleary was in Charleroi this morning to continue the work of investigating alleged disorderly conditions in this borough. It is said that there are in existence in the borough disorderly and bawdy houses, upon which the police have not been able to gain enough evidence to make arrests. The county detective is of the opinion that this district is in need of co-operation from the county officials.

An Awakening.

The proposition of the Charleroi district of the Washington County Sunday School Association to organize the men's adult Bible classes into a federation for the advancement of civic righteousness is a most important step toward the attainment of Christian citizenship. With the spiritual forces already thoroughly organized and in good working order, it is easy now to look after the material in its relation to the spiritual. In this respect the Charleroi district is setting a pace for the rest of the county.

Non-political and undenominational, it is proposed to make this federation a power in the enforcement of civic righteousness. It has been demonstrated to an absolute science that corporeal organization is the controlling force of the material things of this world, and it is the employment of this force that is working out the reforms and enlightenment of civilization. The political party, the religious denomination, or the reform movement that has no permanent organization is doomed to ultimate failure. While sporadic waves of sentiment at time overwhelm the forces of evil they are not lasting. Evil triumphs because its forces are organized and always at work. Force must meet force, and continue the combat until righteousness prevails. The proposed men's federation is an awakening, and if continued along the specified lines must accomplish great results.

ELECTRIC SPARKS

Somebody catch us. It's the worst we ever heard. A man tells as the truth that a rooster walked from Scottdale to Fairmont. Still one wonders why he didn't make it a little worse, and say the rooster met a number of automobilists along the road, and by asking them for rides got helped along his journey.

There is little hope for the man who steal from the contribution basket in a church. Probably a good spanking in public, the kind father used to give, would be a good dose for him.

The world isn't getting worse. The only thing is people do not know all the badness that now exists, and when they hear of something new, conclude immediately that the old ball is a den of iniquity.

A Paris dress designer says that before ten years both men and women will be wearing garments that do not reach the knees. The way cotton and wool are going up, we are of the opinion that such a fashion would be popular before Christmas.

COMPLEXION ILLS

How to Avoid the Bad Effects of the Present Trying Season.

These are the days when a woman must give regular, thoughtful care to her complexion if she would retain its elusive bloom of youth. As every woman knows, this can only be done by intelligent use of a high grade face cream, used in connection with massage of a helpful sort. Doubtless more complexions have been injured by harmful, unscientific massage, than in any other way. Lasting and satisfactory effects can best be secured by the use of Crown Cream and a Harlan Beauty Cup. Crown Cream alone is so helpful, cleansing and nourishing to the skin that many women use it without massage.

But as the Harlan Beauty Cup makes perfect massage automatic, these two toilet essentials should always be used together. Crown Cream has a wonderful effect upon poor and lifeless complexions, and seems to clear from the face the marks of time in a manner almost miraculous. Regularly used, all skin blotches and blemishes quickly disappear, and the complexion is given the tone it needs to withstand the ravages of wind and sun.

Ask your dealer if he has these goods and accept no substitute for them. If he is not supplied, they will be sent prepaid to your address from the Harlan Mfg. Co., Toledo, Ohio, upon receipt of price, which is 50c a jar for the Crown Cream and 50c the Beauty Cup. W. F. Hennings' Drug Store, corner Fifth and McKean, Charleroi, Pa.

GROWS HAIR ON BALD HEADS

A Remedy that Costs Nothing if It Fails to do as Claimed.

Resorcin is one of the latest and most effective germ-killers discovered by science, and in connection with Beta Naphthol, also a powerful antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and thus creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpine is a well known agent for restoring the hair to its natural color, where the loss of color has been due to a disease. Yet it is not a coloring matter or dye.

The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol and Pilocarpine, combined with pure alcohol because of its cleansing and antiseptic qualities. It makes the scalp healthy, nourishes the hair, revitalizes the roots, supplies hair nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except of course where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal

guarantee. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store, John W. Carroll.

PATTI'S EARNINGS

The Famous "Patti" is a Fine
Business Woman.

Alma Patti, a former from
the financial timidity of a young man.
Not only was she a supreme vocalist,
but, as Colonel Mapleson remarked,
"No one ever approached her in the
art of obtaining from a manager the
greatest possible sum he could by any
possibility contrive to pay." But the
musical miracle was the spoiled dar-
ling of her day, and she never failed
to obtain exactly what she wanted.
She was first engaged in London in
1861, by Mapleson, to sing four nights
"on approval" and, in case of success,
to obtain £40 a week. This contract
was not fulfilled, however, for, being
hard pressed financially, she had bor-
rowed £50 from a rival manager, and
her receipt proved practically a con-
tract.

This was the beginning of a career
so dazzling that its successive steps
are simply a series of increasing bank-
notes. In 1872 she obtained in Lon-
don 200 guineas a night, since she in-
sisted on having more than Christine
Nilsson, who was receiving £200. She
sang twice a week. Ten years later
she was given \$5,000 a night. Her
famous contract to sing in America
provided that the money should be
paid to her at 2 o'clock on the day
she sang; also a drawing room and
sleeping car to be especially built for
her, with conservatory, fernery, etc.
Further, there was to be deposited
to her credit \$50,000 for payment
of the last ten performances—Patti's
favorite device. She thus received
about twenty times what Marie and
Grisi got.

Her private car, incidentally, cost
\$60,000 and contained a silver bath
and gold keys to the doors, to say
nothing of a \$2,000 piano. Patti gave
to the manager only her voice and
her costumes. Her drawing capacity
justified this. "Lucia," as an example,
was sung to an average of \$14,000.
"Traviata" drew more, since she sang
more notes. It was a frequent occur-
rence among the poorer music lovers
to buy a club ticket and each take
turns at hearing her for twenty min-
utes. If one overstayed his time, he
paid for the entire ticket. Some math-
ematicians computed by dividing the
number of notes sung into the sum
paid that in "Semiramide" Patti re-
ceived 42% cents for each note. This
was found to be just 7 1-10 cents per
note more than Rossini got for writing
the whole opera.

HOW AUTHORS WROTE

Pope Thought Best When in Bed—Vic-
tor Hugo Wrote Standing.

Alexander Pope, who was the literary
pontiff of his time, thought best when
in bed. Whenever a thought came to
him he would jot it down on a scrap
of paper. His servant often found
bedclothes and floor covered with white
bits containing aphorisms which have
now become hackneyed quotations.

Victor Hugo wrote "Les Miserables"
standing up, an attitude which Haw-
thorne also assumed when he wrote
many of his romances.

One leg thrown over the arm of a
chair or sitting on the arm of his sec-
retary's chair were Napoleon's favor-
ite positions while dictating to Bour-
rienne, a position which he varied now
and then by patting that scribe on the
head or pulling his ears.

Sir Walter Scott could while reclin-
ing on a lounge dictate to two amanu-
enses, who frequently had to stop writ-
ing, so funny the dictated passages
seemed to them.

Balzac, in a monk's robe, frequently
wrote from midnight till noon, taking
drafts of strong coffee when drowsi-
ness attacked him and thus shortening
his life by many years, no doubt.

William Morris made one of his fa-
mous translations from the Greek
while riding on the steam cars. Walt
Whitman and Horace Traubel, original
in all things, were most original in the
position they took while thinking. They
were wont, so Mr. Traubel says, to
climb upon a pile of lumber and lie
down upon their backs. In that way
each found out what the other's best
thoughts were.—Boston Globe.

Authors Favor Suffrage.

It is very evident that suffrage is in
favor among the best known authors
of America, men and women, from
the list of names on the national peti-
tion for woman suffrage, which in-
cludes Mark Twain, William Dean
Howells, Sarah Orne Jewett, Frances
Hodgson Burnett, Elizabeth Stuart
Phelps Ward, Booth Tarkington, Julia
Ward Howe, Charlotte Perkins Gil-
man, Alice Brown, General Charles
King, Eliza Calvert Hall, Dorothy Dix,
Olive Tilford Dargan, Florence Morse
Kingsley, Helen Campbell, Ernest
Harold Baynes, Frederick A. Ober,
Marietta Holley, James Lane Allen,

Glaciers

It has been demonstrated that the
glacier does not move in one block,
but flows, accommodating itself to the
channel in which it moves. Professor
Tyndall planted a row of sticks in a
straight line across a glacier, and after
a few days the line had become a
crescent, with the concavity upward,
showing that the middle of the glacier
moved faster than the sides, just as in
a river the stream is stronger in the
center.

DEPUTY FACTORY INSPECTOR INVESTIGATES CONDITIONS

Gives Instructions Regarding New Minor Labor Law.

FIRE ESCAPES NEEDED

Many Local Buildings Not Properly Protected—Theatres are Inspected.

Deputy Factory Inspector James R. Patterson, of the State has been spending the past day or so in Charleroi, investigating conditions here in the factories, theatres and stores, and made recommendations as to how better to live up to the laws. The child labor laws, which were changed at the last Legislature, is claiming the attention of Mr. Patterson. By the change it is necessary for minors between 14 and 16 years of age to secure new certificates of labor from the superintendent or principal of schools not later than January 1 when all certificates issued by justices of the peace or alderman will be null and void.

On January 1 if the minors do not have the proper certificates the factories will discharge them until such time that they do have them. These certificates should be secured before the first of the year.

In Charleroi, according to Mr. Patterson, there are approximately 275 children between the ages of 14 and 16 employed. Before the new certificates can be granted the children must take examinations, all to be conducted in the English language.

In the matter of theatres, Mr. Patterson found things here in fair condition. In one particular, however, all are violators. This is in regard to the aisles. By the State law, all theatres are compelled to have three aisles, one center and two on the outside, each being at least four feet in width. There is an injunction on this particular matter, however, and until it is decided the theatres will not take any action. Such would cause two of the Charleroi theatres, the Palace and the Star, to close down. By many the act is considered radical. Mr. Patterson instructed the theatre managers to provide red lights at the exits and to put their light booths in the proper condition. The booths have by law to be constructed of steel, and have asbestos coverings.

Another matter which Mr. Patterson is taking up while here is that of fire escapes for three-story buildings. There are a number of buildings in Charleroi that are not so provided, and the owners of these were given notice to put them in condition. By law it is required that they be painted once a year. The owners of buildings, if they do not observe the provisions, are subject to a fine of \$500 and imprisonment of six months.

The bake shops of Charleroi were investigated yesterday and they were found to be in fairly good condition. Except one, they were really as good as could be expected. The owners of this one were instructed to clean up somewhat about the premises.

Today Mr. Patterson is taking a trip through the stores and business houses. Generally he is finding them in fair condition. One important section of the law which is disregarded by many is the providing of seats for lady clerks. This matter is well observed by Charleroi merchants, however.

Free Flower Show at Haube's Flower Store today and Saturday.

Boys' Brigade Will Perform in a Play

"Drummer Boy of Shiloh" Will be Given by Members of Company

A. T. Nail, a professional theatrical trainer, met last night with the members of the Charleroi Boys' Brigade, who are to take part in the play, "The Drummer Boy of Shiloh" for the Brigade, and took up the work of drilling them for the play. The play will be given at the Coyle Theatre, December 2 and 3.

COAL BEING TAKEN FROM CARS AS THEY STAND ON RAILROAD

Pennsylvania Railroad officers have been experiencing considerable trouble in the past few weeks from the stealing of coal from cars along this division. Special instructions have been given the detectives to watch out for all those who are in the habit of pursuing this practice, and to make arrests wherever possible.

On Wednesday at Monongahela four were arrested for the practice, three foreign women and one negro. They were given a hearing before Alderman Elwood, found guilty and sentenced to pay a nominal fine and costs. The arrests were made by P. R. R. Detectives Chalfant and Smith.

BURNS STOCK CO. TWICE A WEEK

The two bills presented at the Coyle Theatre this week by the Paul Burns Stock company of Monessen, while not largely attended, showed the merits of the company and will do much to advertise the future engagements here of this most excellent company. Organized for permanent engagements, and not for the road, the Paul Burns Stock company is enabled to maintain a troop of talented people especially selected for their adaptability that it would be impossible to carry on the road. It was the intention to remain in Monessen permanently, but as the field is rather small for continuous drama, it is proposed to divide up with Charleroi. After next week the company will exhibit here two nights a week.

The play at the Coyle last night, "A Game of Millions," was a good, clean comedy drama, in which the lights and shadows of human interest were clearly and strikingly portrayed. The company is strong in every role, and the clean character of its repertoire should command a generous patronage.

Tonight occurs the lecture of Senator Winfield R. Gaylord of Wisconsin at School Hall on the subject of "Socialists in Action." A good musical program will also be rendered. The lecture is free and all are cordially invited.

Free Flower Show at Haube's Flower Store today and Saturday.

Mr. and Mrs. Joseph Elliott went to Finleville today to visit relatives. They expect to leave for the far West in a few weeks, where they will locate.

WEST PENN PLANS A BIG PROJECT

Expects to Build Line to Pittsburgh—One Hour and 45 Minutes for Trip.

The West Penn railways companies, which is establishing its main offices in Uniontown is considering the advisability of putting a through line to Pittsburgh, and from indications the project will not be a mere paper scheme. The West Penn is branching out over Fayette and other counties, and has several propositions before them at the present time in the way of track building.

The plan for the route to Pittsburgh is through Westmoreland, in which county the West Penn now has holdings. The trip would be made in an hour and 45 minutes, the time now consumed in going from Charleroi to the city by means of the Pittsburgh Street railways. Until the change of the schedule along this line, it took two hours and 15 minutes to complete the run to Pittsburgh.

BACK INTO THE BUSINESS AGAIN

Concillman C. Schmieler who some time ago sold his meat market business at 333 Fallowfield avenue to H. Braun, has bought out the latter, and is once more doing business at the old stand where he enjoyed a large and profitable trade.

In re-entering business Mr. Schmieler has branched out to an extent that adds considerably to the industrial enterprises of the town. He has added a wholesale department to his retail trade, and will not only slaughter all the meat he uses, but will engage extensively in the manufacture of all

kinds of meat products for both branches of the business. He has rebuilt and enlarged his abattoirs up Maple creek and equipped a plant with the latest improved machinery for the manufacture of sausage, bologna, wieners, liver pudding, scrapple, and everything in that line. This will employ considerable labor in addition to giving his patrons the benefit in prices of the saving effected.

A special feature of Mr. Schmieler's market will be special prices on everything in his line every Saturday.

ASSISTANT GIVEN FOR LOCAL ITALIAN CHURCH

Rt. Rev. Bishop Canevin of the Pittsburgh Catholic diocese has appointed Rev. Peter Rossi assistant to Rev. V. Maselli, to look after the spiritual needs of the Italians of Charleroi. Monessen, Belle Vernon, Fayette City and other surrounding towns. Father Rossi will make his headquarters in Monongahela. The appointment of an assistant is greatly appreciated by Father Maselli, who found the work in his parish of too extensive a nature to be cared for by one pastor.

Will Play Saturday.

At Dunlevy Saturday afternoon Beadling will play the Dunlevy second football team. The game it is expected will be a fast one. On Thanksgiving day Dunlevy will play Morgan.

Sale of Tickets.

Tickets for Manhattan Stock company which will show at Coyle Theatre Thanksgiving week, on sale at the Theatre on Saturday.

Something Different.

Tonight November 19, at the Lutheran church, a North Pole social, held by the King's Cadets Sunday school class. Everybody come.

Miss Frances Cooper and Miss Clara Callum of Monongahela were in Charleroi last evening guests of Mrs. Geo. W. Cooper.

VALUABLE HORSE FOUND IN COUNTRY

Was Hitched to Fence of Man Who Had Owned it Some Time Before.

The owner of a valuable horse and two wheeled rig, found hitched to the fence of Frank Sutherland of Fallowfield township, is being looked for by officers of Charleroi. The horse and rig were found at the fence yesterday morning at about 8 o'clock by Mr. Sutherland who, however, did not make the fact known until late yesterday to Chief of Police Albright of Charleroi. The horse had a blanket on its back, and was well groomed.

Mr. Sutherland identified the animal as one he had owned some years ago and sold to a Brownsville man. It is understood that the Brownsville man had sold it later to a Belle Vernon dealer, but whether it is still owned by this person or not is a question.

Apparently the horse had been driven to the place and hitched there while the owner made a visit.

BOXING MATCH FOR SIX ROUNDS

Contrary to announcement made through mistake yesterday in Charleroi, Solly Strop, Charleroi's pugilist, will not participate in a fight in about two weeks—he will participate in a boxing match. According to both the laws of Pennsylvania and the ordinances of Charleroi, a fight is not permitted, but a boxing match is allowed, under certain regulations. This boxing match will be held by Strop at the Coyle Theatre and for not more than six rounds, according to Burgess Risbeck, and any suggestion of a "fight" will bring matters to a termination, and subject the principals to arrest.

CHANGED LOCATION BUT NOT BUSINESS

It is stated that part of the aggregation that were not captured in the raid on Saturday at a Fifth street joint charged with selling liquor illegally and conducting a bawdy house, are said to have moved to near Second street, where they are running in full, as though nothing had happened. It is stated they were routed from the building they occupied on Fifth street by the real estate agent who rented to them, and that they went straightway and procured other quarters. The borough authorities are of the opinion that greater care should be exercised in renting to undersirables in the borough.

MONESSEN PEOPLE TO ESTABLISH PARK

The committee for Monessen's new park, composed of George H. Stevens, George Nash and H. Dallas McCable, held two meetings during the past week to outline their plans previous to making a report to council. They have decided that a portion of the proposed Tenth street park adjoining Schoonmaker avenue should be leveled off and the place used for swings, seesaws and other games for the children. Swimming pools, walks and other improvements are projected and a bandstand will be erected.

Season Closes Soon.

The season for lake navigation will close Monday, November 29. An average of 40,000 tons of coal is being shipped daily by the railroads to the lake ports, in order to get as much as possible to northern points before winter sets in.

What He Got

Harry Landefeld, the hustling Monongahela clothier, took a two days hunting trip in the Marianna district this week. On this return he was asked what he got. "Got back and got good and tired," was the reply.

Social Tonight.

The King's Cadets of Christ Lutheran church will tonight hold a social at the church. The affair will be known as a "North Pole" social and a good time is anticipated for those who attend.

MAY FORM FEDERATION OF SUNDAY SCHOOLS CLASSES

Expect Work to Begin in Spring

Thought Releases of Damages Can be Secured by this Time.

In all probability work on the improvement of the public road between this city and Donora will be delayed until spring, although the contractor may get some of his material on the ground, if the commissioners give the word to go ahead with the work. Some property holders near Donora refused to sign releases of damages but it is thought they can be secured.

BROWNSVILLE HOPES TO HAVE EMERGENCY HOSPITAL ERECTED

A project for the establishment of an emergency hospital at Brownsville, has been started, and is receiving favorable attention. There have several large companies become interested in the matter and probabilities are that such an institution will be erected in the near future. The percentage of persons injured in the immediate vicinity of Brownsville makes it really a necessity for a hospital to be established there, as the institutions at Uniontown, Charleroi, and Monongahela are too far away. Many persons hurt in the great mines, or on the railroad tracks, are die before they can reach the hospital, and the mortality is greater than it is thought it would be if a hospital were established.

CHRYSANTHEMUMS ARE ON DISPLAY AT GREENHOUSE

Although the demand has been so great that he could not accumulate any considerable display at any one time Joseph Haube, the florist, is showing this week a very creditable display of "mums" at his flower and seed store at 428 Fallowfield avenue. While this display is not extensive, it shows some remarkably fine specimens of all the leading varieties of this handsome flowers that is having the call just now. These varieties include:

Pinks—Balfour, Enguehart, Maud Dean, Mme. Perrin, Cobalt. Yellow—Col. Appleton, Pennsylvania, Golden Heading, Chelton, Eaton.

White—Clay Frick. Some of these are new, and some are the old, well known varieties. Some are smooth and round, and some are as shaggy as a football player's hair. All are remarkably beautiful specimens, and well worth a visit.

Mercantile Tax Collections.

Auditor General Robert K. Young has made public a statement showing the amount of mercantile license tax collected for the year 1908 was 1,327,474.64 out of \$1,483,757.64 considered collectible. The cost of making the collection was \$156,283, or 10.5 per cent, the smallest ever known.

Joseph G. Godissart of Charleroi, has sold to Adolph Tilmans of North Charleroi, a lot in North Charleroi on Highland avenue, 30x110 feet; consideration \$250.00.

Men of District May Organize into Working Body.

COMMITTEE IS APPOINTED

Plan to Have Meeting in Near Future for all Adult Men's Classes.

At a called meeting of the district officers of the Charleroi Sunday School Association at the First Presbyterian church last night, plans were discussed and a movement started toward the organization of a federation of men's adult Bible classes of the association. The object of this federation is the general advancement of civic righteousness, and it is to be non-political and undenominational. After the matter was discussed and heartily favored by those present, a committee was appointed to arrange a time and place of meeting to effect an organization. It is the intention to make the event the occasion for a big Sunday school rally, at which some eminent speakers will make addresses along civic lines. The following committee was appointed:

James T. Heffran, Speers; D. F. Worthington, Charleroi; W. O. Ammon, Vesta. Judge J. A. McIlvaine was unanimously favored as the leading speaker for the occasion if his services could be secured.

Nearly all of the pastors of the churches within the jurisdiction of the district were present, as well as most of the heads of department in district Sunday school work. The meeting was somewhat in the nature of a reception to Rev. J. M. Lewis, the new pastor of the Speers M. E. charge, who was welcomed into the district work by his co-workers. Mr. Lewis is an energetic and earnest worker, and promises to be a decided acquisition to Sunday school work in the district.

Several important topics were discussed relative to Sunday school work. One of these was the matter of training teachers, and a recommendation that every school should have a training class for teachers met with hearty approval. It is expected that the committee appointed to arrange for the federation of the men's Bible classes will soon report and that the event will take place at an early date.

DETECTIVE MCLEARY WORKING UP CAUSE

County Detective William McCleary was in Charleoi this morning to continue the work of investigating alleged disorderly conditions in this borough. It is said that there are in existence in the borough disorderly and bawdy houses, upon which the police have not been able to gain enough evidence to make arrests. The county detective is of the opinion that this district is in need of co-operation from the county officials.

Bridge Opening December 6.

Monongahela is going to have a big blowout on the occasion of the opening of the new bridge across the Monongahela river there. The date has been fixed for Monday, December 6, and a corps of committees is at work on the arrangements.

An Awakening.

The proposition of the Charleroi district of the Washington County Sunday School Association to organize the men's adult Bible classes into a federation for the advancement of civic righteousness is a most important step toward the attainment of Christian citizenship. With the spiritual forces already thoroughly organized and in good working order, it is easy now to look after the material in its relation to the spiritual. In this respect the Charleroi district is setting a pace for the rest of the county.

Non-political and undenominational, it is proposed to make this federation a power in the enforcement of civic righteousness. It has been demonstrated to an absolute science that corporeal organization is the controlling force of the material things of this world, and it is the employment of this force that is working out the reforms and enlightenment of civilization. The political party, the religious denomination, or the reform movement that has no permanent organization is doomed to ultimate failure. While sporadic waves of sentiment at times overwhelm the forces of evil they are not lasting. Evil triumphs because its forces are organized and always at work. Force must meet force, and continue the combat until righteousness prevails. The proposed men's federation is an awakening, and if continued along the specified lines must accomplish great results.

ELECTRIC SPARKS

Somebody catch us. It's the worst we ever heard. A man tells as the truth that a rooster walked from Scottsdale to Fairmont. Still one wonders why he didn't make it a little worse, and say the rooster met a number of automobilists along the road, and by asking them for rides got helped along his journey.

There is little hope for the man who steal from the contribution basket in a church. Probably a good spanking in public, the kind father used to give, would be a good dose for him.

The world isn't getting worse. The only thing is people do not know all the badness that now exists, and when they hear of something new, conclude immediately that the old ball is a den of iniquity.

A Paris dress designer says that before ten years both men and women will be wearing garments that do not reach the knees. The way cotton and wool are going up, we are of the opinion that such a fashion would be popular before Christmas.

COMPLEXION ILLS

How to Avoid the Bad Effects

of the Present Trying Season.

These are the days when a woman must give regular, thoughtful care to her complexion if she would retain its elusive bloom of youth. As every woman knows, this can only be done by intelligent use of a high grade face cream, used in connection with massage of a helpful sort. Doubtless more complexions have been injured by harmful, unscientific massage, than in any other way. Lasting and satisfactory effects can best be secured by the use of Crown Cream and a Harlan Beauty Cup. Crown Cream alone is so helpful, cleansing and nourishing to the skin that many women use it without massage.

But as the Harlan Beauty Cup makes perfect massage automatic, these two toilet essentials should always be used together. Crown Cream has a wonderful effect upon poor and lifeless complexions, and seems to draw from the face the marks of time in a manner almost miraculous. Regularly used, all skin blotches and blemishes quickly disappear, and the complexion is given the tone it needs to withstand the ravages of wind and sun.

Ask your dealer if he has these goods and accept no substitute for them. If he is not supplied, they will be sent prepaid to your address from the Harlan Mfg. Co., Toledo, Ohio, upon receipt of price, which is 50c a jar for the Crown Cream and 50c the Beauty Cup. W. F. Hennings' Drug Store, corner Fifth and McKean, Charleroi, Pa.

GROWS HAIR ON BALD HEADS

A Remedy that Costs Nothing if It Fails to do as Claimed.

Resorcin is one of the latest and most effective germ-killers discovered by science, and in connection with Betta Naphthol, also a powerful antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and thus creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpine is a well known agent for restoring the hair to its natural color, where the loss of color has been due to a disease. Yet it is not a coloring matter or dye.

The famous Rexall '98' Hair Tonic is chiefly composed of Resorcin. Betta Naphthol and Pilocarpine, combined with pure alcohol because of its cleansing and antiseptic qualities. It makes the scalp healthy, nourishes the hair, revitalizes the roots, supplies hair nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall '98' Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall '98' Hair Tonic will grow hair on bald heads, except of course where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall '98' Hair Tonic, and we have the right to assume that what it has done for hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal

guarantee. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store—John W. Carroll.

Something Different.

Tonight, November 19, at the Christ Lutheran church, a North Pole social, will be held by the King's Cadets Sunday school class. Everybody come. 8011

Webster, the Dictionary Man, defines "Justifiable Homicide" in these words: "When it Proceeds from Unavoidable Necessity." If Webster were on earth to-day and knew the exact circumstances of this wonderful Frew Opportunity he would call it just what we call it, A Justifiable Merchandising Homicide. For over two years Dire Panic has had throttle grip on the Great Furniture House of Frew's—Choking, Crushing, Paralyzing. Practically every other business was caught the same way, 'tis true, but Frew doubly largest in his line, suffered greatest in proportion. Therefore now that prosperity is beginning to come back into its own, Frew must make up the losses of the past.

To Convert at least two-thirds of his vast accumulation of Furniture, Carpets, Rugs, Pianos, Sewing Machines, Stoves, Ranges and Heaters into cash at once, is Frew's whole aim and ambition. Therefore this Ultra-Sensational Slash; this Marvelous Opportunity to secure a share of

The Store That is Famous for Its Shoes

Ralston
WEEKLY CATALOGUE

Making nature conform to a bad standard of shoemaking injures your feet and your general health.

Ralston Shoes conform to nature. The anatomically moulded insole is practically a die of the human foot and supports it gently at every point, doing away with hard pressures on ball and heel. Ralston Styles are exclusive and are not to be found elsewhere, except in the highest priced made to order models.

The style illustrated
Stock No. 154
Cocoa Brown, Calf, Blucher
"O-hi-o" Last

represents the medium of extreme stylishness and conservatism. Ask to see it of any Ralston dealer.
